

VISION  
2030

# Y Whittlesea Towards 2030

## We believe in the power of inspired young people

### Our Vision

A better world, with and for  
young people.

### Our Purpose

Together we drive systemic change.  
We draw from our collective  
expertise, our deep community  
partnerships, and our local, national  
and global influence.

### Our shared direction for the Y...

## Our Principles

Underpinning everything we do, our commitments to the way we run our organisation.

- » We are guided and act in line with our values and beliefs.
- » We are powered by our belief in our people and their capability and capacity to create change.
- » We know we are a stronger organisation when we do it together, with our community, with our Y movement.
- » We provide space for innovation and better practice and are willing to try in order for better.
- » We are committed to delivering financially viable and mission aligned services.
- » We are committed to having a positive net effect on our environmental footprint.
- » We are committed to listening and being informed and guided by our community, especially our young people.
- » We are committed to safety, inclusion and diversity in every aspect of our organisation.
- » We are committed to keeping children, young and vulnerable people safe.
